

JOB SPECIFICATION

Position: APPRENTICE CIVIL ENGINEER TECHNICIAN

Company History

Founded in 1945, Pat Munro (Alness) Ltd is a privately owned company consisting of the following operational divisions:

- Quarry Products
- Construction – Civil Engineering, Utilities, Building & Surfacing
- Property and Development
- Waste Services
- Haulage and Plant Hire

Based at Caplich Quarry in Alness, the company currently employs in excess of 170 personnel and operates out of several further facilities; Quarries in Dornoch, Strathroy and Tomatin; Concrete Plants in Inverness and Elgin; and a Waste Transfer Station in Inverness.

Position

This is a **full-time fixed term 2-year** position working within our Construction Department. The position is based at our main offices at Caplich, Alness and will report to the Civils Contracts Manager.

Principal Job Responsibilities

As an apprentice Civil Engineer, you will be trained and required to undertake the following: -

- Assisting with the effective and efficient coordination and management of projects to ensure successful delivery – in terms of health and safety, quality and profitability.
- Assisting with the implementation and development of Construction Phase Plans, Risk Assessments, Method Statements, COSHH Assessments, Tool Box Talks and other necessary / desired Health & Safety documents.
- Aiding general management, coordination and organisation of plant, material and subcontract resources.
- Setting Out of works and undertaking site measures and take-offs from drawings.
- Helping with supervision and administration of site operations.
- Assisting in programme preparation, monitoring and adherence.
- Compliance with the company's quality assurance procedures.
- Attendance at site meetings and other necessary meetings.
- Other associated activities as may from time to time be required / allocated.

Applicant

The successful applicant will ideally have the following skills, qualities & experience:

- 1 Higher pass in Maths, Physics or technical subject or significant work experience.
- Full UK driving licence (For persons under the age of 17 this would become a requirement following eligibility to drive within the UK).
- The ability to work effectively with others as a competent team member.
- A genuine desire to work in the construction field.
- Have high attention to details.
- We are looking for someone who is a versatile, flexible and accommodating worker.
- Be trustworthy, friendly, timeous and reliable

Transport

A small van will be provided for work duties and for travelling to/from work (not available for private use).

JOB SPECIFICATION
